

## The Hidden Dangers behind Planned Parenthood

Planned Parenthood wants to build a high profile sex business on MLK Blvd., kill unborn babies, give pills to young girls, and lead them into promiscuous sex.

Planned Parenthood is in the sex and abortion business - not "health care."

Planned Parenthood **protects** sexual predators of young girls: two **law suits** have been filed in Ohio, and law suits in Indiana and Kansas against Planned Parenthood for failure to report statutory rape to law enforcement and parents.

## The Correct Answer: ABORTION

**Abortion** is the leading cause of death for African-Americans. Since the Supreme Court legalized abortion in 1973, the number of African Americans killed by abortion is more than from all other causes combined (AIDS, accidents, violent crimes, heart disease, and cancer.) 14 Million!

- A black baby is 4 times more likely to be aborted than a white baby. *Planned Parenthood 2006.*
- 35% of abortions in the U.S. are performed on African American women, while they represent only 12% of the female population of the country. *U.S. Center for Disease Control Abortion Surveillance Report 7/30/99; U.S. Census Bureau.*

## Planned Parenthood's Racist History

**Planned Parenthood**, a large international corporation with long and deep ties to race control, plans on building a very large abortion and sex products center—on City property—located at NE Martin Luther King, Jr. Blvd. and Beech Street. Portland has an African American population of only 6% and the MLK neighborhood has an African American population of 43%.

"Many Americans—black and white—are unaware of Planned Parenthood founder Margaret Sanger's Negro Project. Sanger created this program in 1939, with the aim to restrict—many believe exterminate—the black population."--*Deacon Harold Burke-Sivers, Portland*

"My uncle would not want an abortion mill on a street named after him!"—*Dr. Alveda King, niece of the slain civil rights leader Dr. Martin Luther King Jr. April 20, 2007, Portland, Oregon*

Dr. Alveda King is a spokesperson for the national Silent No More Awareness Campaign. Through her personal story of her own abortions, Dr. King educates the public that **abortion hurts women.**
